

FY 23 Budget: Elementary Proposal

January 10, 2023

Beth Leavitt- Bancroft
Carolyn Fawcett- Sanborn
Carol Green- Shawsheen
Jennifer Hunt- West Elementary
Pamela Lathrop- High Plain
Brenda Lee- South

Overview: Math in the APS Elementary Schools

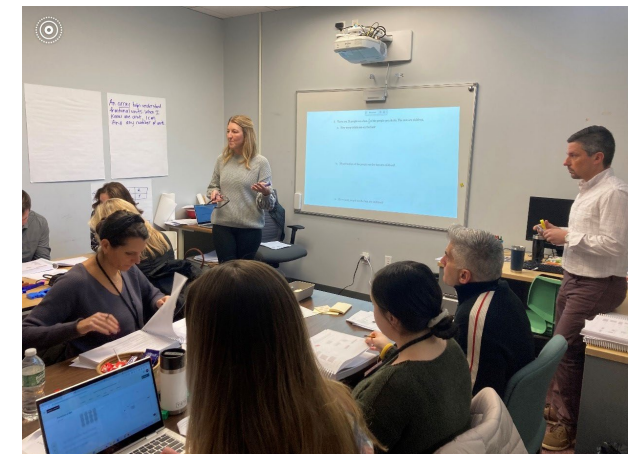

Current Elementary Math Resources and Supports:

- Math Program Coordinator (Prek-5, 6-12)
- Math Coaches (4.0)
- Eureka Math 2- adopted 2022

**EUREKA
MATH²™**

Proposal: 1 Additional Math Coach

- Strengthen a culture in APS where teaching mathematics is student-centered and developmentally appropriate with emphasis on the MA Standards for Mathematical Practices
- Commitment to a continuous learning model with coach as facilitator of enhanced instructional growth for educators
- Increase momentum with math teaching and learning
- Develop action steps in response to district and school data
- Collaborate with teachers and teams to deliver PD to address student needs
- Ensure alignment and cohesion across schools
- Funded through attrition of existing staff

Thank you for your consideration!

- “I love working with our Math Coach. Planning before the lesson, and co-teaching, with them has been awesome. Our Math Coach is really helpful with resources!”
- “Our Math Coach has been extremely helpful in guiding me to see a topic as opposed to a lesson, planning with him has pushed me to try to see the bigger picture in what I am doing!”
