NO Drinkable Yogurt (too thick)

NO Cereal with Milk

(Best alternative? Drink ALL of your drink, your body will thank you!)

2) **RECYCLABLES**: Put **EMPTY**
water bottle or milk/juice carton in recycle
container (the one with two holes in the lid)

Yes

Plastic water bottle

Milk carton

juice carton

NO Juice boxes

NO Yogurt containers

NO Aluminum foil

**(Best Alternative? Bring a refillable
water bottle to school to reuse. 😊)**

3) **TRASH**: Unlike what we have done in the past, the trash container is smaller now!

YES

Plastic bags

Wrappers

Yogurt in container

Drinkable yogurt

Drink boxes

Plastic forks, knives, spoons

Foil

Ketchup packets

Syrup packets

Butter packs

Styrofoam cups

Straws

Smoothie cups

(Best Alternative? Bring refillable containers to school to reuse. 😊)

4) **COMPOSTABLES**: Uneaten food goes in this big green barrel.

YES

Food

Paper napkins

Paper bags

Paper cups

NO PLASTIC!

(Best Alternative? Eat your whole lunch, or pack less. Your body needs energy for fuel all day! 😊)

5) PLEASE STACK YOUR TRAY NEATLY! Match it to the one below it, and it will nest. This saves lots of space in the compost bin.

Put Capri Sun pouches in special bin on the stage for Girl Scouts.

YOU DID IT!

We know this process takes a bit of extra time and effort, but it's worth it, and we all need to do our part. **THANK YOU!** 😊
